

The Fortune Bay Expeditionary Team

Expedition Prospectus

Expedition Name Agawa Canyon Expedition Expedition Leader Chuck Hayden

Dates for Expedition August 12th-16th, 2004 General Location Agawa Canyon Ontario, Canada
Three reasons why this expedition is unique Railroad Transport to basecamp, Satellite Communications and remote internet publishing, GPS mapping, Canyoneering

What is the main unique feature of this Expedition? Technology in a remote location
(Attach a map of the planned route for the expedition, including mileage, campsites, unique features, evacuation routes, etc.)

Type of Expedition Open Water River Overland Scuba Other Canyoneering
 Subterranean Archeological Airborne Alpine Urban Other _____

Minimum Number of Participants 6 Maximum Number of Participants 20 Will it be open to the public? Yes no
Level of Skill Beginner Novice Intermediate Experienced Advanced _____

Will a pre-expedition class or training be necessary? yes no
If yes, describe the training or class needed (unique skills, techniques, etc.)
Land Navigation, GPS usage and recording, computer mapping, remote internet publishing, satellite communications, canyoneering, ropework

Describe funding needs: Satellite uplink capabilities are temporarily needed. Equipment and Satellite service may have a cost that exceeds resources. Further research is needed.

Approximate Budget for each member \$ \$300 (attach budget sheet)

Explain the benefits to The Fortune Bay Expeditionary Team: Challenging expedition that will be of interest to the beginner and expert. Technological experimentation and real time promotion will attract new members. Technology developed from this expedition will be used on future endeavors.

Will we develop or test any equipment for/during this expedition? yes no
Describe: GPS mapping systems, field computer setup with webcams, possible satellite communications with internet access, real time internet publication from a remote wilderness location will require a challenging knowledge and unique equipment that will be used on future endeavors

Will we be able to provide a guide format for sale to the public? yes no
How will this expedition increase membership? The expedition will show the unique and innovative personality of the Fortune Bay Expeditionary Team, remote real-time internet publishing will bring new people to the website and provide a great promotional opportunity. Establishing this challenging expedition will bring skilled new members who wish to take part in groundbreaking activities

How can this expedition benefit the public at large? The public will have an opportunity to take part in a virtual expedition through realtime internet publishing. We will publish Agawa Canyon Area trails, unique features and recreational opportunities

Additional Notes: This expedition is a classic expedition. We will be mapping and documenting remote locations and experimenting with technology. This expedition will test the limits of the team through technology (GPS mapping, Sat Uplink, remote web publishing, radio communications, etc), logistics, leadership, and outdoor skills in a remote environment.
